Dear Parents:

It's time to start gathering numbers for Elk Meadows Elementary kindergarten for the 2020-2021 school year. If you have a child that will be five years of age on or before September 1, 2020, and lives within the Elk Meadows boundaries, the child qualifies for next year's kindergarten program. State law requires that all school districts in Utah abide by the same September 1<sup>st</sup> entrance cut-off date.

To start the registration process, please bring this completed form along with the following documents to the school on or before February 7th, if possible.

- Your ID
- Proof of residency – such as a mortgage statement or lease agreement
- Immunization records
- Certified birth certificate - not a photocopy

Please be aware that the HEP A series of vaccines need to be given 6 months apart. If your student has not already received at least the first immunization, you should have that administered as soon as possible, so the second immunization can be administered before they start school in August.

We will hold our Kindergarten Orientation on Friday, February 28th at 2:30 pm. You will receive more information about the orientation in February.

If you know of a neighbor who has a qualifying kindergarten child, please share this information with them. If you have any questions, please call the school at 801-446-3200.

If you have a child qualifying for kindergarten next year, please complete this form and return it to the school office with the required documents as soon as possible.
