

Dear Parents,

Here is a list of sites we will be using for your child's digital learning. Please let me know if you have any issues logging on or questions about the lessons. Only those without internet access should pick up a packet from the office through Wed., March 18. (There will not be packets created if school continues to be closed past March 29th.) **Please remember that I still expect 20 minutes of reading each day.**

We will mainly be using Google Classroom to communicate and deliver lessons to students digitally. Each student has an email address and a password to sign into their account.

Google Classroom: <http://classroom.google.com/>

Your third grader's email @my.jordandistrict.org

The password is the student's other id . (Your child may know this as "your lunch number.")

Then click on "Classwork" at the top of the page to get all of the day's assignments.

Think Central: Click the link in Google Classroom

We will also be using lessons from Think Central. Please fill in all the boxes for country, state, district, and school. (Click the box for Remember My School so you don't have to do this part every time.) Then login:

Username: lunch number ("other id" on skyward)

Password: lunch number

Then click on "Things to do".

Lexia: <https://www.lexiacore5.com/>

You will need to input the teacher's email for just the first time you login.

Login: student other id (lunch number)

Password: read

Typing.com: <https://www.typing.com/>

Login: Lunch number + em (ie: 654321em)

Password: 1234

Brain Pop: <https://www.brainpop.com/>

Login: elkmeadows

Password: 3lkBopo

Optional websites: There are lots of sites on the school website that your child may also do that are fun and educational.

Thank you for your patience. We are all learning about this process together. **Please shoot me a quick email to let me know you got this and if your child needs help logging in.**

Thanks,
Your Third Grade Team
