Math

Focus: I can explain unit rate and solve real world problems.

Example: This recipe has a ratio of 4 cups of flour to 2 cups of sugar. What is the rate?

Answer: 2 cups of flour for each cup of sugar

Language Arts

Focus: I can understand the meaning of word relationships using Analogies.

Example:

What is a
WORD ANALOGY

MOUNTAIN : HIGH

a) artist : famous
b) dry : desert
c) honey : sweet
d) brick : light

A word analogy is a vocabulary problem that you solve. It consists of one pair of **key words**... and 4 other word pairs.

You must decide which of the 4 other word pairs is most like the **key words**.
