

4th Grade Family Newsletter

May 2025

Mission: Elk Meadows Falcons are growing to be resilient, lifelong learners.
Social Skill: Personal Responsibility

Events

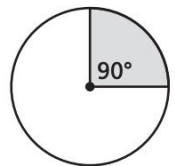

- Utah RISE State Testing: May 6-22 (see back for more information)
- Field Trip: May 27th - Pioneer Memorial Museum & Utah State Capitol
- Last Week of School: June 2-6 - Field Day on Thursday!

Math

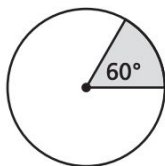

Focus: I can learn to identify, measure, and draw angles in a circle.

Example:

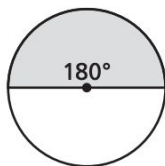

$\frac{90^\circ}{360^\circ} = \frac{1}{4}$, so a 90° angle covers $\frac{1}{4}$ of a circle.

$\frac{60^\circ}{360^\circ} = \frac{1}{6}$, so a 60° angle covers $\frac{1}{6}$ of a circle.

$\frac{180^\circ}{360^\circ} = \frac{1}{2}$, so a 180° angle covers $\frac{1}{2}$ of a circle.

Language Arts

Focus: I can use a range of vocabulary strategies to determine the meaning or definition of multiple-meaning words and phrases when choices are provided.

Example:

What is the meaning of the word *draw* as used below?

Their roots draw food from the fungi that decompose dead leaves and flowers.

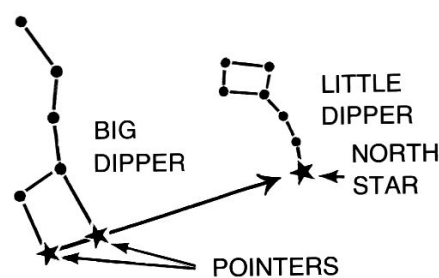

- ☐ A to remove from a holster
- ☒ B to take or pull
- ☐ C to sketch
- ☐ D to bring

Science

Focus: How can a star map help you identify night-sky constellations?

Example:

A constellation is a group of stars that appear to make an image in the night sky. Constellations change their orientation and location based on the time of year and time of night. Having a tool to help you find constellations at any time of year can be helpful.

Social Studies

Focus: We are learning about the differences between rights & responsibilities of Utah citizens.

Examples:

- Citizens Rights include: Freedom of Speech, Freedom of Religion, and the Right to a Fair Trial.
- Citizen Responsibilities include: Obeying Laws, Paying Taxes, and Serving on a Jury

Family Connection/Additional Information

- Attendance is critical as year end testing is taking place in May.
- Please remember to initial reading minutes in your child's planner daily.
- Wear your falcon color's on Fridays to show school spirit!
