

Hello Falcon Families,

I can't thank you enough for your support during our opening. Our students are doing AMAZING with all of the new routines and procedures. I am VERY proud of them!!! Your children might have told you about Falcon Tickets. They earn these tickets from teachers and staff in our building for following the rules, being good friends, and even doing a good job wearing their mask! We go into classes and pull tickets each Monday! Ask your children if they have gotten a Falcon Ticket recently.

I have a couple of reminders for you. Please be aware of our handicap parking stalls, unless you have a placard, do not park there. We have students and parents at our school who require the use of those spots. We have changed our Falcon Pride Day to Thursday since we are not all in school together on Fridays. Please have your child wear their Falcon Shirt on Thursday to show their school spirit. The PTA will send out order forms for new shirts soon. Please help us with our parent drop off and pick up lot. In the morning, it would help us if you would pull all the way down. Do not park near the cafeteria doors to drop your children off. This creates unnecessary traffic on 3200 West with a long line of parents waiting to drop off their children.

We are excited for the end of the month to kick-off our new Golden Gate Program. This is a pro-social program started at Bingham High to help teach students how to be inclusive of others. Each month we will have a pledge that students will learn about, have lessons on, and practice. To learn more about this program visit their website <https://goldengatemovement.org/about-us/> We know that this program will be a great addition to our school!

Thank you for a great start to this year!
Mrs. Smith
