

Elk Meadows Elementary
School Community Council Meeting
2020-2021

Wednesday, January 20, 2021
9:00-10:00

In attendance: Tiffany Smith, Susan Davis, Shauna Hill, Shannon Bird, Lisa Bird, Marni Reid, Katherine Rose, Stephanie Johnson

- Safe Walking Route: We discussed our crossing guards. People have asked for one on 98th where the buses pull out of the parking lot. We cannot put a crossing guard or cross walk in the middle of the street where there is no natural break in the road/intersection. We have made positive changes to help our students stay safe.
 - Stephanie and Shannon signed the safe walking route.
- Land Trust: Tiffany was unable to present all the information from last year's spending as the land trust website is currently under construction.
 - Our goals last year were:
 - Increase math & language arts learning by providing 2 days of PLC for the teachers and 2 prep days. This was accomplished by Physical Education aides, theater full time, library and computers aides
 - We would all like to see this continue next school year.
 - We decreased how much money the school was spending on technology and kept the apps that teachers love and use.
 - Purchased Golden Gate Program
 - Literacy Assistants for 95% Program that will begin next month for K-3. Lots of training has been done with our teachers.
 - We would like to have 2 more assistants to help with this program.
 - Updating Chrome books or buying carts for classrooms without any
- We were excited to hear about the new school in Jordan District next year that will solely be for online students. They will have their own principal and own teachers.
- With TSSA money we pay teacher stipends for the extra learning/training they get and the Literacy Specialist. The teachers all agree she is a great resource and want to continue working with her.
- Next meeting, we will compare Land Trust numbers from what has been spent this current year and discuss any changes we would like to see made.
- Adjourn

Upcoming Meetings:

March 10, 2021

May 12, 2021
